Preferred Citation Of Described Materials Note : Buffalo and Erie County Historical Society Archives, Mss. W-17, Thomas C. Love and Ira Cook, Appraisal Report of Seneca Reservations and Improvements.

Biographical or Historical Data : Under the treaty of 20 May 1842, the Senecas renounced their claims to the Buffalo Creek and Tonawanda Reservations; and the Ogden Land Company retained rights of pre-emption to the Allegheny and Cattaraugus Reservations. The treaty provided for two arbitrators, one appointed by the Secretary of War, the other by the Ogden Land Company, to assign value to improved and unimproved lands sold. Thomas C. Love was appointed by the Secretary of War, and Ira Cook by the Ogden Land Company. The properties on the Buffalo Creek, Cattaraugus, and Allegheny Reservations were surveyed during 1843 and 1844, and values assigned. Since the surveyors were not allowed access to the Tonawanda Reservation, the figures for that tract were estimated.

the sum of Seventy Five Thousand Dollars as the proportion which the value of all the Lands within the said two Tracts called the Buffalo Creek Reservation and the Tonawanda Reservation bears to the value of all the Lands within all the said Four Tracts.

That they have determined, adjudged and awarded and they the said Arbitrators do hereby determine, adjudge and award that of the sum of One hundred and Two Thousand Dollars, which in and by the said Fourth Article of the said Indenture is deemed to be the value of all the Improvements within the said Four Tracts the said Ogden and Fellows shall pay to the said Seneca Nation the sum of Fifty Eight Thousand Seven Hundred and Sixty Eight Dollars and ninety six Cents as the proportion which the value of the Improvements on the said Two Tracts called the Buffalo Creek Reservation and the Tonawanda Reservation bears to the value of the Improvements on all the said Four Tracts.

That they have determined, adjudged and awarded and they the said Arbitrators do hereby determine, adjudge and award that the amount to be paid to each Individual Indian named in the aforesaid Schedule marked A is the sum which in the said Schedule marked A is set opposite his or her name as the amount to be paid to him or her for his or her Improvements out of the said sum of Fifty Eight Thousand, seven hundred and Sixty Eight Dollars and Ninety six Cents which the undersigned Arbitrators have so as aforesaid ascertained and awarded to be

the proportionate value of the Improvements on the said Two Tracts called the Buffalo Creek Reservation and the Tonawanda Reservation.

That the said Arbitrators have faithfully and to the utmost of their power and ability endeavored fully to perform and discharge the duties imposed upon them as such Arbitrators in relation to the Tonawanda Reservation and the Improvements thereon but that they have been forcibly prevented from such full performance and discharge of their said duties by the action of that portion of the said Seneca Nation which occupies the said Tonawanda Reservation.

That on the twenty second day of October last they the said Arbitrators repaired to the said Tonawanda Reservation accompanied by suitable surveyors for the purpose of exploring and examining the same and the improvements thereon pursuant to the provisions of the said Fourth Article of the said Indenture, that having been informed from credible sources that that portion of the Seneca nation residing on the said Tonawanda Reservation had determined not to permit the Arbitrators to go upon that Reservation and discharge their duties as such Arbitrators, ^{they the Arbitrators} called a council of that portion of the Seneca nation residing on that Reservation which Council assembled at the Council house on said Reservation and was composed of the Chiefs and Headmen and a very large majority (and nearly all) of the said portion of the Seneca nation residing

it was in their power explained to the said Council the
provisions and obligations of the aforesaid Indenture and
Treaty, the rights and duties of the parties thereto and
particularly of the Seneca Nation under said Treaty and
Indenture their character and duties as such Arbitrators
and the object of their coming. That the said Arbitrators
also used every means in their power to persuade them to permit
the said Arbitrators to proceed and discharge their duties upon
that Reservation and to furnish the necessary information
and assistance for that purpose. That the said Council with
unanimous voice and action absolutely and unconditionally
refused to permit the said Arbitrators to explore or examine
the said Reservation or any part thereof or to ascertain or
value the Improvements thereon or any of them or to perform
any act in discharge of their duties as such Arbitrators in
relation to that Reservation and directed the said Arbitrators
to leave the said Reservation which the said Arbitrators accon
ingly did.

That the said Arbitrators forthwith reported
to the Secretary of the War Department of the United
States their attempt to discharge their duties as such
Arbitrators in relation to the said Tonawanda Reserva
tion and the result of such attempt as above set forth.

That in reply thereto the said Secretary of the War
Department instructed the said Arbitrators to make a
further attempt to discharge their duties in relation to
the said Tonawanda Reservation and for that
purpose to convene another Council of that part of the
said Seneca Nation residing on that Reservation and

make further efforts to secure their consent to and aid in the performance by the said Arbitrators of their duties in relation thereto.

That in pursuance of such instructions the said Arbitrators on the twenty seventh day of December last again repaired to the said Tonawanda Reservation and again convened a Council of that portion of the Seneca Nation residing on that Reservation which Council forthwith assembled at the Council house on said Reservation and was composed of the Chiefs and Headmen and a very large majority (and nearly all) of that part of the Seneca Nation residing on the said Tonawanda Reservation, that the said Arbitrators communicated to the said Council the said instructions so as aforesaid received by them from the Secretary of the War Department and accompanied the same with a renewed and full explanation of the provisions and obligations of the aforesaid Indenture and Treaty, the rights and duties of the Seneca Nation under it, the duties of the Arbitrators and the object of their coming and the opinion of the Arbitrators of the consequences to that portion of the Seneca Nation residing on the Tonawanda Reservation of a continued refusal on their part to permit the discharge of their duties by such Arbitrators in relation to that Reservation and to give the necessary information and assistance for that purpose. That the said Arbitrators again used every means in their power to prevail upon the said Council to abandon their opposition to the discharge by the said Arbitrators of their duties in relation to the said Tonawanda Reservation and to cooperate

with them in such discharge of their duties, that the said Council again with unanimous resolution absolutely refused to permit the said Arbitrators to do any act upon that Reservation in discharge of their duties in relation thereto. That the said Arbitrators then declared their intention to proceed to discharge their said duties notwithstanding the resolution of the Council and gave notice that they would then proceed to ascertain and value the Improvements of any Individual Indian on the said Reservation who would give his or her name, point out his or her improvements and give the necessary information relative to the same. That this declaration and notice by the Arbitrators produced a violent excitement in the Council and the Arbitrators were told that unless they immediately withdrew from said Reservation they would be carried by force without the bounds thereof; and thereupon the said Arbitrators were each taken by the arm by a Chief and accompanied by him and carriers off the said Reservation. That by the means and manner above set forth the said Arbitrators have been prevented from exploring or examining the said Tonawanda Reservation or the Improvements thereon or any of them therefore they cannot determine the amount to be paid to any Individual Indian out of the sum which they have as aforesaid ascertained and awarded to be the proportionate value of the Improvements on the said Two Tracts called the Buffalo Creek Reservation and the Tonawanda Reservation and that it would have been impossible for them the said Arbitrators to have performed this portion of their duties in relation to the Tonawanda Reservation without information from and the active aid and cooperation of the Individual Indians residing on that Reservation. That by the aid of previous surveys of the said Tract called the Tonawanda Reservation of the accuracy of which the said Arbitrators entertain no doubt they have found

and estimated that it contains Twelve Thousand Eight Hundred acres of Land. That having been in the manner and by the means above set forth prevented from ascertaining by personal examination and surveys, what were the Improvements on the said Tract called the Tonawanda Reservation or the value of such Improvements or any particulars in relation thereto they the said Arbitrators have from the best information they could obtain estimated and set down and they do hereby estimate and set down the entire value of all the Improvements on that Reservation at the sum of Twenty Eight Thousand Dollars and do hereby award for all the Improvements on said Reservation the proportionate sum of Fifteen Thousand and Eighteen Dollars and thirty six Cents as appears in Schedule D. hereto annexed and made a part of this report.

Finally that all the fees, charges and expenses of them the said Arbitrators and of all the surveyors and other persons by them employed in the discharge of their said duties have been paid and discharged by the said Ogden and Fellows. In witness of all which they the said Arbitrators have set their hands and seals herunto in Duplicate, one of them to be filed in the Office of the Secretary of the Department of Labor and the other thereof to be delivered to the said Thomas L. Ogden and Joseph Fellows. Done at the City of Buffalo, in the State of New York, the twenty sixth Day of March One Thousand eight hundred and forty four.
